

CHTD

Capacity	up to 3600 m ³ /hr.
Head	up to 4500 m
Operating press.	up to 450 bar
Temperature	up to 210°C
Speed	up to 6200 m ⁻¹

Horizontal, Centrifugal Barrel Casing pump in ring section design with radial impeller, single entry.
Suitable for Pumping Boiler feed water in Supercritical power station and industrial plants.
